SUPREMA

#12114

Suprema Imported Ham 6/12#

#12159

Reva Imported Ham 2/12#

Features:

Suprema & Reva brand products are produced to our specifications using the latest technology & finest quality raw materials available.

For example;

- Our Canadian cooked & smoked hams are produced from Canadian hogs harvested near 175 days of age, with an average weight of 187 lbs.
- The hogs have been genetically developed & are free from both growth chemicals and hormones.
- Our cooked & smoked hams are always produced from fresh raw materials, never frozen.
- The production process uses the latest technology with HACCP approved procedures & facilities.
- These growing, harvest & production procedures ensure consistent high quality products from every ham, every case and every trailer load.

Benefits:

- Cooked in bag process allows for a 270 day shelf life.
- Suprema & Reva brands are preferred for leanness, uniform color & consistency.
- Exclusive EZ open bag & squared edges allows for maximum yield & less waste.
