Pizza has evolved from an old world Mediterranean daily life dish to America's number one fast food. Americans demand quality food that tastes great, at an affordable price. For more than 20 years, we have helped make it possible for pizzerias to grow and prosper by offering operators a great product, coupled with a great service at a great price.

Pro-Dough produces a versatile doughball that is used to make thick & thin crust pizzas, calzones, pocket bread rolls, fried dough, breadsticks, Stromboli and much more! Every aspect of the dough production is controlled and nothing is left to chance or human error.

*We are entirely dedicated to your complete satisfaction.*
